Boat House*Fisher House*Island House

Dear guests of our accommodations and interested people to our historic holiday houses on the island of Murter. The noise of the restoration found an end, colours are chosen and brought to the walls. The antique furnitures are at their places and doors and shutters out of another century are transformed to closets and kitchen. Bathrooms are polished, bed made and dishes are in the cupboards. Olive trees are planted, sun beds installed and the garden is raked.

**...the Boat House is finished and some periods in season
2017 are still available!!!**

With some pride and a lot of pleasure we now published the first pictures on our homepage and we hope to welcome you soon on <http://www.murter.online/bootshaus-is-ready.html> Even before finishing the house we registered the first bookings, curiosity was large and we are happy to welcome the first guests already in this season. You are spontaneous? Then the Boat House still has capacities! Between 17th of June and 27th of July at from the 10th of September the Boat House is still looking forward to you! Conditions 2017 are the same as for Island House.

You are not subscribed for our newsletter yet? No problem! It is absolutely easy by the following link and the latest newsletter will come again freshly in your mail box.
